

**ENOUGH IS ENOUGH..... 1 IN 10 CHILDREN ARE SEXUALLY ABUSED BEFORE THE AGE OF 16, MOST CASES GO UNREPORTED SO IT'S LIKELY THAT THE FIGURES ARE MUCH HIGHER. WE AS ADULTS HAVE THE POWER TO CHANGE THIS STORY...IF WE ACT NOW!**

Children can't talk about sexual abuse, so we must. Over 90% of abuse is carried out by someone you know or known to the family. If you're worried about someone's behaviour with a child, or secretive use of chat rooms, social media platforms or illegal websites, the sooner you act the sooner you can prevent abuse from happening. If you suspect that someone you know may be sexually abusing a child, you must contact the police or speak confidentially to someone on the Helplines below. To learn more about child sexual abuse, and abuse prevention education visit our websites.
