

WE CAN SPOT AN ABUSER. SEXUAL ABUSERS ARE VERY CUNNING AND COMPARTMENTALISE THEIR BEHAVIOUR. THEY CAN ABUSE A CHILD AND THEN ACT LIKE A NORMAL AND KIND FAMILY MEMBER OR FAMILY FRIEND

Children can't talk about sexual abuse, so we must. Over 90% of abuse is carried out by someone you know or known to the family. If you're worried about someone's behaviour with a child, or secretive use of chat rooms, social media platforms or illegal websites, the sooner you act the sooner you can prevent abuse from happening. If you suspect that someone you know may be sexually abusing a child, you must contact the police or speak confidentially to someone on the Helplines below. To learn more about child sexual abuse, and abuse prevention education visit our websites
